

Azimut Flybridge

Make	Model	Length	Price	Year	Condition
Azimut	Flybridge	84 ft	\$ 3,499,000	2017	Used

Boat Name	Hull Material	Draft	Number of Engines	Fuel Type
Satisfaction	Fiberglass	4 ft 1 in	2	Diesel

Trades Considered "Satisfaction" is a stunning, exceptionally well-maintained 2017 84' Azimut. She was constructed entirely to US specifications and has an only-the-best-will-do custom interior - featuring, among other flourishes, hand-picked Italian marble and exquisitely-designed built-in furniture. The extraordinary customization found on this yacht is no accident - in fact, Satisfaction's current owner worked in close collaboration with well-known Azimut designer Ada Vioglio to deliver a true one-of-a-kind masterpiece. Her Architectural Digest-like interior, combined with her voluminous deck space, makes this motor yacht an ideal pl...

Overview

Designing for maximum luminosity is always one of the primary goals for the designers at Azimut - and "Satisfaction" unquestionably delivers on this front. Broad windows, skillfully integrated into the hull's design, allow light to illuminate all four staterooms below deck. The spacious, well-appointed interior layout is far superior to any yacht in its class. As you walk through the Salon, you will find spacious seating for the whole family!

The salon is masterfully integrated into the dining area, giving you yet another space for entertaining. On the starboard you will find independent access to the Master stateroom, allowing for maximum space and privacy. Continuing forward, you will pass by the lower helm station, galley, and day head to port for everyone's convenience. Guest accommodations are entered through a private staircase at the lower helm. On the port side, there is a guest room with a double bed and en-suite. The starboard stateroom is identical with a sliding mechanism to convert the double bed to two twins. The spacious forward VIP has an ensuite bath and a walk-in closet, providing more than ample storage.

Build Sheet with Options & Upgrades

Zooming and pivoting video camera in the engine room (Panasonic system)

Fixed video cameras on both aft side decks, in direction of the forward area. Position as per lighting plan

Ipad to monitor the cameras

Panasonic WV-SW458 (360°) camera in the aft cockpit in lieu of the fixed camera

Panasonic WV-SW458 (360°) camera to be recessed as much as possible (more than on 84-19)

Humphree intruders (Atos version)

CMC Electric stabilizers

Hydraulic bow thruster

2x upgraded water heaters (100lt each)

Additional soundproof insulation between the salon and engine room

Additional soundproof insulation between the master cabin and engine room

Polished stainless steel anchor in lieu of std

125 metres anchor chain

Watermaker predisposition

Additional Information and Photos

Watermaker remote control panel installed in the crew mess area
130 l/h (34 gals/h) Idromar watermaker
Name on transom with backlighting for each letter. Name: SATISFACTION (font as per sketch provided)
Name to cover the whole transom, including the door
Provide boarding ladder Marquipt (model to be defined) - install brackets at the four side
Class S propellers
Propellers to be S&S 5 blades as per 84-21
Provide a list of spare parts
Single waterline, color: custom Palinal G936.
Handrails on the side deck to be higher
Repositioning of the std side boarding gates: to be moved aft, between the howseholes
22 underwater lights: *5 under the swim platform: THX1201 model - WHITE LIGHT, *8 on each side: TIX301 model- WHITE LIGHT, one additional light under the swim platform (6 in total)
THX1201 model - WHITE LIGHT
All the lights to be connected to one switch in the aft deck + second switch in the master cabin.
Position as per lighting plan
4x chairs in Royal Botania Ninix NNX 55 (teak with structure in brushed stainless steel)
An additional pair of midship cleats placed on the bulwark in the fwd area
The position of the fwd side boarding gates as per 84-19
All external tables to be in teak as per Benetti sample, 20% gloss
Move the side navigation lights from their std position to the base of the arch.
Replace the std side navigation light with upgraded ones with a low profile (Lopolight 300-001 and Lopolight 300-002)
Additional soundproof insulation between the master cabin and dining area/galley
No logo on the antennas
No logo on the helm seats
Logo on the seats to be the same color as the leather
Additional insulation on the fwd bulkhead in master cabin
Additional insulation on engines room vent boxes in the salon
Gutters for chain locker hatches
Upgraded steering system
Bigger rudders to improve maneuverability at lower speeds
ONAN generators (EPA Tier 3 compliant) in lieu of std Kohler
Install a permanent marker (14 stainless steel triangles) on the hull for the position of the straps as per docking plan

Additional Information and Photos

Std aft shower to be repositioned on the starboard side locker next to the swim platform
Fwd area breakfast table in lieu of std coffee tables. Dimensions: leave 6" of a gap between the table and the fiberglass settee
Bases of the umbrella inside the bases of the table

Separate removable section of the fwd sun-pad area above the escape hatch of the VIP cabin
Aft Salon access door to open from starboard side to portside
Delete the std bar cabinet. Install the bar cabinet of the Azimut 88
Top of the bar cabinet to be in marble
Stainless steel pole for 32" TV + TV predisposition
Storage locker on the starboard side under the stairs to the flybridge

Flybridge

Every last detail was designed for the owner's comfort, from the forward sunbathing space, to the picture-perfect dining area, to the expansive wet bar. In the evenings, at the push of a button, the moonroof is easily opened. There's nothing quite like a blissful night at anchor. Top that off with a sound system to satisfy a DJ of any caliber, and you start to get a sense of the possibilities found on Satisfaction's flybridge.

Hardtop

Soft top liner - white

Second radar arch

Teak floor

Four swiveling stools at the bar

Stools to be round, with footrest and without backrests

Bar cabinet to be longer than std as per sketch
